Subject: Resolution Retroactively Approving an Agreement with the U.S. Department of Homeland Security, Customs and Border Protection Agency, for use of Trail Glades Range Facilities for Training purposes.

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution retroactively approving an Agreement between Miami-Dade County (County) and the Department of Homeland Security, Customs and Border Protection Agency (CBP), for five years and variable monthly payments to the County, depending on specific usage, for use of Trail Glades Range (TGR) facilities for training and qualification purposes.

Scope

Trail Glades Range is owned by the County and operated by the Parks, Recreation and Open Spaces Department (PROS) and is located in County Commission District 12, Commissioner Jose "Pepe" Diaz; however, the range is an asset of regional significance.

Fiscal Impact/Funding Source

Trail Glades Range has been providing similar services to CBP since 2010 under a previous agreement that provided the County to an average revenue up to \$8,500.00 per month; the new Agreement is estimated to generate up to \$12,000.00 per month based on prior usage patterns, for the first 21 months with an approximate 3% increases in each of the three subsequent years. The total estimated revenue to the County for the five-year term of the Agreement is \$757,000.00. CBP will pay the County a per hour rate for range use, with a minimum of 128 hours per month, as listed in the table below.

Year	Main Range Per Hour	Tactical Range Per Hour
Year 1	\$ 100.00	\$ 60.00
Year 2	\$ 100.00	\$ 60.00
Year 3	\$ 103.00	\$ 62.00
Year 4	\$ 106.00	\$ 64.00
Year 5	\$ 109.00	\$ 66.00

Track Record/Monitor

PROS Range Master Horatio Quintero will ensure compliance with the terms of the Agreement.

Background

Trail Glades Range is open to the general public and offers a multiple position, 50-yard practical range; a 35-position, 7-to-50-yard pistol range; a 32-position, 25-to-100-yard rifle range; six trap-and-skeet fields, which includes an international skeet field; and 18 recreational vehicle spaces with water and electrical

hook-up, for use during tournaments. Additionally, TGR offers safe shooter classes, concealed weapons courses and range facility rentals to qualified groups.

Under terms of the Agreement (Exhibit A), PROS will provide access to the main range, tactical range, classroom facilities, restroom facilities, parking, and an open field at TGR. An estimated 1,600 CBP Officers will require quarterly training and firearms qualification. TGR has the capacity to accommodate the CPB's requirements, including facilities for advanced enforcement training such as Special Response Team training. CBP has been using the range facilities since January 2015 under this agreement, thus the approval is retroactive, in order for PROS to continue providing service to CBP while receiving revenue. PROS receives more revenue under this agreement than from the previous agreement. PROS staff has had a good relationship with CBP and as a result have developed an important revenue stream for TGR.

6. The estimated completion of a BI or SSBI is approximately sixty (60) to ninety (90) days from the date of receipt of the properly completed forms by CBP security office. During the term of this contract, the Contractor is required to provide the names of contractor employees who successfully complete the CBP BI or SSBI process. Failure of any contractor employee to obtain and maintain a favorably adjudicated BI or SSBI shall be cause for dismissal. For key personnel, the Contractor shall propose a qualified replacement employee candidate to the CO and COTR within 30 days after being notified of an unsuccessful candidate or vacancy. For all non-key personnel contractor employees, the Contractor shall propose a qualified replacement employee candidate to the COTR within 30 days after being notified of an unsuccessful candidate or vacancy. The CO/COTR shall approve or disapprove replacement employees. Continuous failure to provide contractor employees who meet CBP BI or SSBI requirements may be cause for termination of the contract.

1. The Contractor shall ensure that its employees follow the general procedures governing physical, environmental, and information security described in the various DHS CBP regulations identified in this clause. The contractor shall ensure that its employees apply proper business practices in accordance with the specifications, directives, and manuals required for conducting work under this contract. Applicable contractor personnel will be responsible for physical security of work areas and CBP furnished equipment issued under this contract.
2. The CO/COTR may require the Contractor to prohibit its employees from working on this contract if continued employment becomes detrimental to the public's interest for any reason including, but not limited to carelessness, insubordination, incompetence, or security concerns.
3. Work under this contract may require access to sensitive information as defined under Homeland Security Acquisition Regulation (HSAR) Clause 3052.204-71, Contractor Employee Access, included in the solicitation/contract. The Contractor shall not disclose, orally or in writing, any sensitive information to any person unless authorized in writing by the CO.
4. The Contractor shall ensure that its employees who are authorized access to sensitive information, receive training pertaining to protection and disclosure of sensitive information. The training shall be conducted during and after contract performance.

II.13 POST AWARD EVALUATION OF CONTRACTOR PERFORMANCE (JUL 2010)

a. Contractor Performance Evaluation

Interim and final performance evaluation reports will be prepared on this contract or order in accordance with FAR Subpart 42.15. A final performance evaluation report will be prepared at the time the work under this contract or order is completed. In addition to the final performance evaluation report, an interim performance evaluation report will be prepared annually to coincide with the anniversary date of the contract or order.

Interim and final performance evaluation reports will be provided to the contractor via the Contractor Performance Assessment Reporting System (CPARS) after completion of the evaluation. The CPARS Assessing Official Representatives (AORs) will provide input for interim and final contractor performance evaluations. The AORs may be Contracting Officer's Technical Representatives (COTRs), project managers, and/or contract specialists. The CPARS Assessing Officials (AOs) are the contracting officers (CO) who will sign the evaluation report and forward it to the contractor representative via CPARS for comments.

The contractor representative is responsible for reviewing and commenting on proposed ratings and remarks for all evaluations forwarded by the AO. After review, the contractor representative will return the evaluation to the AO via CPARS.

The contractor representative will be given a minimum of thirty (30) days to submit written comments or a rebuttal statement. Within seven (7) days of the comment period, the contractor representative may request a meeting with the AO to discuss the evaluation report. The AO may complete the evaluation without the contractor representative's comments if none are provided within the thirty (30) day comment period. Any disagreement between the AO/CO and the contractor representative regarding the performance evaluation report will be referred to the CPARS Reviewing Officials (ROs). Once the RO completes the review, the evaluation is considered complete and the decision is final. Copies of the evaluations, contractor responses, and review comments, if any, will be retained as part of the contract file and may be used in future award decisions.

The FP is responsible for CPARS access authorizations for Government and contractor personnel. The FP will set up the user accounts and will create system access to CPARS.

The CPARS application will send an automatic notification to users when CPARS access is granted. In addition, contractor representatives will receive an automated email from CPARS when an evaluation report has been completed.

II.14 SPECIAL SECURITY REQUIREMENT - CONTRACTOR PRE-SCREENING (SEP 2011)

1. Contractors requiring recurring access to Government facilities or access to sensitive but unclassified information and/or logical access to Information Technology (IT) resources shall verify minimal fitness requirements for all persons/candidates designated for employment under any Department of Security (DHS) contract by pre-screening the person /candidate prior to submitting the name for consideration to work on the contract. Pre-screening the candidate ensures that minimum fitness requirements are considered and mitigates the burden of DHS having to conduct background investigations on objectionable candidates. The Contractor shall submit only those candidates that have not had a felony conviction within the past 36 months or illegal drug use within the past 12 months from the date of submission of their name as a candidate to perform work under this contract. Contractors are required to flow this requirement down to subcontractors. Pre-screening involves contractors and subcontractors reviewing:
 - a. Felony convictions within the past 36 months. An acceptable means of obtaining information on felony convictions is from public records, free of charge, or from the National Crime Information Center (NCIC).
 - b. Illegal drug use within the past 12 months. An acceptable means of obtaining information related to drug use is through employee self certification, by public records check; or if the contractor or subcontractor already has drug testing in place. There is no requirement for contractors and/or subcontractors to initiate a drug testing program if they do not have one already in place.
 - c. Misconduct such as criminal activity on the job relating to fraud or theft within the past 12 months. An acceptable means of obtaining information related to misconduct is through employee self certification, by public records check, or other reference checks conducted in the normal course of business.
2. Pre-screening shall be conducted within 15 business days after contract award. This requirement shall be placed in all subcontracts if the subcontractor requires routine physical access, access to sensitive but unclassified information, and/or logical access to IT resources. Failure to comply with the pre-screening requirement will result in the Contracting Officer taking the appropriate remedy.

Definition: *Logical Access* means providing an authorized user the ability to access one or more computer system resources such as a workstation, network, application, or database through automated tools. A logical access control system (LACS) requires validation of an individual identity through some mechanism such as a personal identification number (PIN), card, username and password, biometric, or other token. The system has the capability to assign different access privileges to different persons depending on their roles and responsibilities in an organization.
